★★★★★

We took forever making a decision on a company and model, but I'm so glad we decided on this Coconut Bay from Dynasty. I love the way the LEDs light up the tub at night, and being able control the colors and brightness of each section with the In.Mix controls is so awesome! Relaxing in our tub at night, with the lights all on, the waterfalls flowing, and the stereo playing is my safe haven from the stress of the day. 10/10 would recommend
